

# ***i FRESHMAN FRENZY !***

1. Choose a group Leader (keeps group on task)
2. Each table should have 2 sets of cards:
  - 1st set are "ACTION" cards which give players different tasks to perform.
  - 2nd set of cards are "COURSE" cards with 5 different courses listed, as well as the time the course is taught and the day of the week the course is offered (M-Monday, T-Tuesday, W-Wednesday, R-Thursday, F-Friday)
3. Players take turns drawing ACTION cards from the deck and performing the action indicated.
4. The goal of the game is to build an ideal schedule that contains all 5 courses. Players will try to avoid the common pitfalls that college freshman often make during their first year of school (including overlapping courses & unavailable courses!)

## **RULES**

1. You **MUST** have 5 **DIFFERENT** courses
2. Courses must **NOT** overlap on days of the the week or time.
3. You can **NOT** trade courses with another student.
4. Player must draw one card from the "ACTION" deck per turn.

Pay close attention to the meeting times for these courses. ON Monday, Wednesday, Fridays you will be in class from 9:00 - 10:50 am with a break for lunch until 1:00 pm. Class again from 1:00 - 1:50 pm, finishing for the day.

Keep in mind that you will not get out of class on Fridays until roughly 2:00 pm. **Is this ok for you?** On Tuesday you attend classes from 10:00 am - 12:20 pm. On Thursday from 10:00 am - 12:20 pm with a 40 minute break for lunch then Biology lab from 1:00 - 3:15 pm. When you are making your schedule consider the following:

1. Do you have any major breaks in your day? ( ie. Is there a large break between classes that could potentially be an issue? Skipping class because you have an hour break between courses.)
2. Did you plan for lunch?
3. If you travel on Fridays will you want to be in class until late in the day?
4. If you schedule an 8:00 am class make sure you DISCIPLINE yourself and get up with enough time to be at class ON TIME. This is not high school and 8:00 am classes are harder to get up for.
5. Credit Hours - Make sure you have between 15 and 18 credit hours.
  - a. 15 credit hours a semester allows you to graduate in 4 years.
  - b. Dropping below 12 credit hours could cancel or adjust your Financial Aid package.
  - c. You CAN withdrawal from a course and receive a "W" up until mid-semester. This will not count against your GPA, however, you will NOT be refunded for the course. Check with your campus for Withdrawal dates each semester.
